Here's what participants from **Hasbro** had to say:

We got the opportunity to work with people we see in the hall every day but don't get to interact with, and learn about everyone's hidden talents.

—Ann Marie Horn, Development

Great ice breaker and it made the work environment a lot better, because we just think about all the fun things we did that day.

—Meghann Noonan, Engineering Manager

Awesome experience. I was amazed by how in a short amount of time we transformed a huge space with just tape. It was a very creative and I really enjoyed it.

BIG DRAW! Best Retreat Ever

Every retreat or conference needs a memorable experience. Tape Art® Big Draws bring convention center and hotel walls to life, engulfing them with tape murals made by your employees. After an energizing Tape Art® session, employees get to spend the rest of their retreat surrounded by the successes of what they have made together. We have created and facilitated experiences with up to 300 people taping at the same time.

DRAW TOGETHER CSR Experiences

Engage your employees in meaningful CSR and volunteer experiences in your local community. Tape Art facilitators will bring groups of employees to local schools or community centers for a collaborative drawing day.

Employees work directly with students to create beautiful tape art murals, having an unforgettable and fun experience while bringing art to their community and representing your company.

TAPE ART® Workplace Murals

Temporarily transform your workplace with Tape Art® murals that reflect your company made directly on the walls of hallways, boardrooms, break rooms and lobbies. Murals made by the inventors of this novel art medium will liven up your office space and raise employee morale. Artists actively engage employees – tape drawing live, answering questions, and taking suggestions.

Workplace Murals Include:

- Temporary Tape Art® mural customized for your company
- 2 professional Tape Artists and all necessary materials
- Photos of the finished work and permissions to share on social media
